

An extensive list terms and study guide related to the liturgy and which every priest should know is found at the end of this syllabus. I also include a Liturgical Glossary that I have compiled on Populi to help you in preparing. **The exam can be taken at any time during the week August 23-27 and will be given on Populi.** Students will have 3 hours to complete the exam and are on their honor to do so without the use of any outside materials.
